Tarp 13.6' x 17.6'	\$19.95 each

Spread Rate Estimates

Mulch: 1 cu/yd will cover approximately 100 sq. ft. to a depth of 3"

Soils and quarry product: 1 cu/yd will cover 100 sq. ft. to a depth of 2"

Pine Straw: Each bale will cover approximately 50 sq. ft.

Measure the total area (length x width) and divide by coverage area. Example: To cover a 20' wide by 40' long area with mulch or soil product: $20' \times 40' = 800 \text{ sq. ft.} \div 100 = 8 \text{ cu/yd}$ needed.

To cover the same area with pine straw: $800 \text{ sq. ft.} \div 50 = 16 \text{ bales}$.

All prices are FOB our facilities. Minimum delivery charges may apply. **Our trucks are heavy. We are not responsible for damage to driveways, parking lots or yards caused when delivering your order.** Payment: Cash, check (Wake Co. only), Visa/MasterCard/Discover due at or before delivery. If paying by credit card, information must be given to office prior to delivery. If paying with cash, our drivers do not carry change.

Description of Materials

Decorative Mulches

Hardwood Bark: We offer this material with no fillers! 100% hardwood barks creating a beautiful dark brown color. The fibers lock together allowing this particular mulch to stay in place nicely. Recommended as an excellent product for hills/sloped areas due to its resistant to washout. Great for natural areas as a top dressing for a finished look.

Contrasts well against green grass. 1" – 3" fiber length average

Designer Mulches: Our best seller! Shredded oak pallets, dyed with an colorant – EPA approved. 3"-4" fiber length. red, black and walnut brown colors available.

Shredded Pine Brown Designer: A beautifully shredded pine bark mulch, dyed with a brown colorant. 2"- 5" fiber length average

Mini Pine Bark Nugget: 1" – 2" nugget size (most popular)

Large Pine Bark Nugget: 3"-5" nugget size

Pine Bark Mulch: Shredded pine bark material with ground splintered wood. A lighter look than the pine nuggets. 1" or less in size.

Playground Matting: Shredded pallets, approved for use on playgrounds by the city & state. This product meets the American Standards for Testing and Material (ASTM) Specification for Impact Attenuation.

Pine Straw: Beautiful North Carolina long needle straw. Large bales! Estimated to cover 50 sq. ft. per bale.

Organic Products

Premium Soil Conditioner: Aged pine bark fines averaging ½ inch or less. Excellent material to till into red clay.

Landscape Soil: A mixture of 50% compost and 50% sand, silt and clay. Due to being a bulk product, you will find occasional clumps of material. The composted material is made from food grade residuals recycled from local cafeterias- you may find an occasional plastic utensil, or other debris. Great for starting flower beds, or reseeding.

Certified Compost: 100% composted materials from food grade cafeteria production residuals, yard trimmings, and aged sawdust. This product is very light and includes the nutrients necessary for healthy planting and for reseeding yards. Great for tilling into existing material for an extra boost of nutrients.

Quarry Products

Screenings: Used to fill in between walkways or patio stone. 1 cu/yd = 2,800 lbs.

Crush & Run: Driveway gravel ¼" – 1 ½" of various aggregate. Contains fine sand particles and gravel up to 1 ½. 1 cu/yd = 2,500 lbs. approx.

#57 Wash Stone: 1" – 1 ½" in size. Use in septic tank fields. 1 cu/yd = 2,300 lbs. approx.

#78 Pea Gravel: ¼" - ½" in size. Used as walkway gravel.

All prices are FOB our facilities. Minimum delivery charges may apply. **Our trucks are heavy. We are not responsible for damage to driveways, parking lots or yards caused when delivering your order.** Payment: Cash, check (Wake Co. only), Visa/MasterCard/Discover due at or before delivery.
